

**SUB-MATHEMATICS, CLASS-IV**

**CHAPTER -11 (Perimeter)**

**WORKSHEET (Standard)**

1. The perimeter of a square field having each side 25cm is \_\_\_\_\_ cm.
2. Measurement of boundary is known as \_\_\_\_\_.
3. We can measure the perimeter of a \_\_\_\_\_ figure.
4. The perimeter of a rectangle whose length is 16 m and breadth is 6 m is \_\_\_\_\_ m.
5. Perimeter of a triangle whose each side is 9cm is \_\_\_\_\_ cm.
6. Find the perimeter of a rectangle having breadth 7m and length 29m.
7. Find the perimeter of a square field having each side 35m.
8. Find the perimeter of a rectangle whose length is 17m and breadth is 5m less than the length.
9. Find the perimeter of a rectangle whose length is double its breadth and breadth is 8cm.
10. Find the perimeter of a rectangular photo frame whose breadth is 15m and length is 10m more than the breadth.
11. Find the perimeter of a square whose each side is 5m and 50 cm.
12. Find the distance around a rectangular table of length 50 m and width 20m.
13. Find the perimeter of a square whose one side is given as 18m.
14. Find the distance around a rectangular path which is 10m long and 6m wide.
15. Find the perimeter of a square, if each side of the square is 58m.
16. Find the length of each side of a square whose perimeter is 400m.
17. Compare the perimeter of a rectangle of length 13m and breadth 6m with a square having each side 10m.
18. Find the length of the barbed wire required to go around 2 times a triangular garden of sides 10m, 12m and 22m respectively.
19. Mr Mahesh has to fence a rectangular garden of length 20m and breadth 14m. Find the cost of fencing if it costs Rs. 25 per metre.
20. Seema had 25m ribbon. She had to put lace on the border of a square rectangular saree of 6m long and 3m wide. Find the length of ribbon left with her after putting lace on the border of that saree.
